

Installation

- I. Copy the entire `wp-admin-tiger` folder (not just the contents) into your WordPress plugin directory `wp-content/plugins/`. The file for the main plugin file (`wp-admin-tiger.php`) should be `wp-content/plugins/wp-admin-tiger/wp-admin-tiger.php`.
- II. Activate the plugin by logging into your WordPress administration area, going to 'Plugins', then clicking 'Activate' at the end of the 'Tiger Style Administration' row.
- III. At this point, you should see the new Administration look.

Deactivation

- I. To deactivate the WP Tiger Administration design, return to the 'Plugins' menu in your WordPress administration area, and click 'Deactivate' at the end of the 'Tiger Style Administration' row.
